Experience

GitHub   **Toronto, Canada**
Director of Product Management   *September 2022 - Present*
Staff Product Manager, Open Source   *June 2020 - August 2022*

Currently working on bringing a Copilot Innerloop to GitHub, an AI powered Natural Langage first development environment. Previously ran product for the Codepsaces, npm, and GitHub Packages teams. As a Director my AOR has at peak consisted of 5 direct reports, 2 P&Ls, and roughly 60 engineers. Responsible for developing high level strategy, aligning with executive leadership, and delivering on business goals.

In my role as a Staff IC I was the lead for npm and GitHub releases. Was the DRI for multiple cross organization initiatives including enforcing 2FA for npm High-Impact maintainers and bringing the findings of that effort to inform a similar campaign for all of GitHub

Google   **New York City, New York**
